INTRODUCTION

MR. SAMSON, who for the past six years has looked after the compilation and collection of information for the Directory, was again in charge of the 1913 edition and we present this issue with the hope that it will prove exceedingly valuable to our patrons.

The two cities are showing a good growth not only in population but in the numerous new business blocks and residences.

The enlarged Chicago & Alton shops will be a great factor in the next few years in a considerable increase in population.

The merchants in all lines of trade are enjoying an era of prosperity never before equaled.

We thank our advertisers who make a directory possible, the public for the cheerful information given even when several visits have been necessary, and all who have contributed in any way to the success of this book.
